

Chabot College Fire Technology 1 - EMAIL #9: Monday January 13, 2025

Good Day Spring 2025 FT 1 Students,

As previously mentioned, you should have received the emails I sent on December 18, 20, 22, 26, 29, 2024, January 2, 5 and 10, 2025 twice – once in your personal email account and once in your Zonemail / Chabot email account.

If you have registered since then or did not receive the emails, just go to our website www.chabotfire.com and then go to the page titled “Fire Technology 1 Info - Spring 2025.” You’ll see them archived there.

Archiving them on chabotfire.com will hopefully make it easier for me and for you as I send out additional emails in the future since I plan to do the same once each “New” email is sent out. Once the semester starts, information like is found in these emails will instead be in the form of “Announcements” in Canvas.

For this email, there is only ONE (1) item I want to focus on:

ITEM #1:

Based on some of the questions I’m receiving (what room are meeting in, when does class start, what time does class meet, what books are required), it leads me to believe that some (not all) are not taking the time to read all (not some or none) of the emails I’ve sent out as mentioned above, and that are still archived on www.chabotfire.com on the page “Fire Technology 1 Info – Spring 2025.”

- If you’ve taken the time to read ALL the information I’ve posted on that page, awesome. Thank you for doing your part of what it takes to be successful in this class and more importantly, in future classes and the actual career in the fire service you are considering.
- If you have NOT taken the time to read all the information I’ve posted on that page, please do so as soon as possible, especially since we are less than 2 weeks from the start of class.
- I’m all for asking and answering questions – please do so – but once you’ve exhausted all YOUR own resources and your research has hit a wall AFTER you’ve tried multiple manners of solving your problem and/or answering your question.

Again, I am here for YOU and to do my part to set you up for success. But, you have to meet me halfway and do your part, which is not expecting the easy answer or easy path. Help me help you as the saying goes.

That’s all for now, enough to keep you all busy and focused. Please don’t hesitate to reach out if you have any questions or concerns.

Thank you,
Steve
